Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I have two small children who are always with me when I run errands. I would not find a need for cellular service except for emergency reasons. With purchasing only 30 minutes for every two months, I already pay a premium per minute charge. An increase in fees would be an unfair levy on my safety. Please reconsider this fee.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Jessica Garcia
